Global broker ICAP has been holding the event for the past 21 years and Singapore is among its 60 offices worldwide taking part this year.

SINGAPORE: The President's Challenge and Down Syndrome Association (Singapore) are among seven beneficiaries of this year's ICAP Charity Day. The other beneficiaries are Ain Society, Inspirasia, KK Women and Children's Hospital, Singapore Management University and the SPD.

Global broker ICAP has been holding the event for the past 21 years and Singapore is among its 60 offices worldwide taking part this year.

Spirits were high at the Singapore office on Wednesday (Dec 3), with company brokers donning themed costumes to add colour to the cause. President Tony Tan Keng Yam was also present to support their efforts.

Traditionally, 100 per cent of ICAP's revenues and its brokers' commissions from the day will go directly to the charities.
